If you arrive at the station much earlier than your planned departure time, you may have to wait for assistance staff to become available.

London Charing Cross is a busy station for Passenger Assistance bookings. Because our station is so busy, we do recommend that you book in advance wherever possible.

Pre-booked assistance can be booked up to 2 hours in advance of travel.

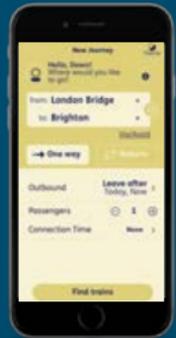

Accessing Passenger Assist services

Assistance for any journey, including journeys with multiple connections using multiple train companies, can be booked in advance, or can be requested on the day from a member of staff.

Booking in advance

There are several ways you can book assistance in advance:

1. Contact the relevant train operator for your journey via their website.
2. **Passenger assistance on a web browser** passengerassistance.com. We will tell you when your booking is confirmed. Then, all you have to do is book your ticket and you're on your way.
3. **Transreport Passenger Assistance App**. You will be able to download the app by searching for "Passenger Assistance" on your app store (iOS/Android). Once found, click 'Install' and wait for the app to appear. Send your request to book assistance on the app and this will be sent directly to the train operator, who will arrange assistance for you. We will tell you when your booking is confirmed. Then, all you have to do is book your ticket and you're on your way.

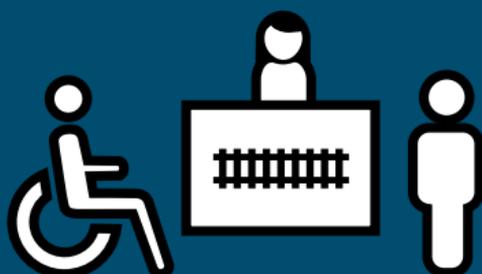

4. Visit the [National Rail Enquiries website](#).
5. Follow the instructions provided via any other train booking service provider.

On the day you can request assistance from any of our team or go directly to our assisted travel meeting point where one of our team will help arrange assistance with you.

Tell us about your journey

The booking agent will need to know the following information, so it may be useful to have this to hand when you call:

- The date and time of the service you are planning to travel on
- Your seat reservation details (if you have one)
- If you have any requests such as a preference to being assisted on foot rather than in a buggy, please make this clear to the booking agent

Assistance services are available at all times the station is open. You may need to wait until staff are available to help, but our policy is to make it happen.

You can ask any member of staff at the station or go to our assisted travel information kiosk at the times it is open, which is located at the Southeastern information desk.

Where to go when you arrive at the station

When arriving at the station the meeting point is the information point on the main concourse.

Planned or unplanned disruption

We will tell you about disruption to services by displaying information on our customer information screens and making audio announcements throughout the station.

If you have booked and/or require assistance during times of disruption we would ask that you make yourself known to one of our station colleagues at the assisted travel lounge or the Passenger Assist meeting point who will support you by providing information on your booked service, and will assist with your onward journey including rearranging assistance as necessary.

All information during disruption will be communicated to you including regular delay updates to help you decide on your travel preferences and if required, how to access suitable alternative transport options.

We will provide access and information on how to claim compensation when you are delayed.

Prior to any long-term refurbishments at our stations we will consult user groups and stakeholders.

We will notify you of any short or long-term refurbishments on our website and National Rail Enquiries to help you plan your journey in advance and when you are in our stations we will provide information prior to and during these refurbishment activities.
