

ORR Success Measure: Freight Cancellations

This chart shows the ORR Regulatory Success Measure for Network Rail delivery to freight operators. This measure tracks the cancellations of freight services as a result of Network Rail performance. This measure includes TOC on FOC caused cancellations. The ORR 13 period total target for 2024/25 is 1.3%. A fiscal year has 13 reporting periods. A period is normally 28 days but Period 1 and Period 13 will be adjusted to match the fiscal year change date of 31 March / 1 April.
